

User Manual for Medma Willing To Buy Plugin

Works on WordPress 4.4 and above

Medma Willing To Buy WordPress Plugin

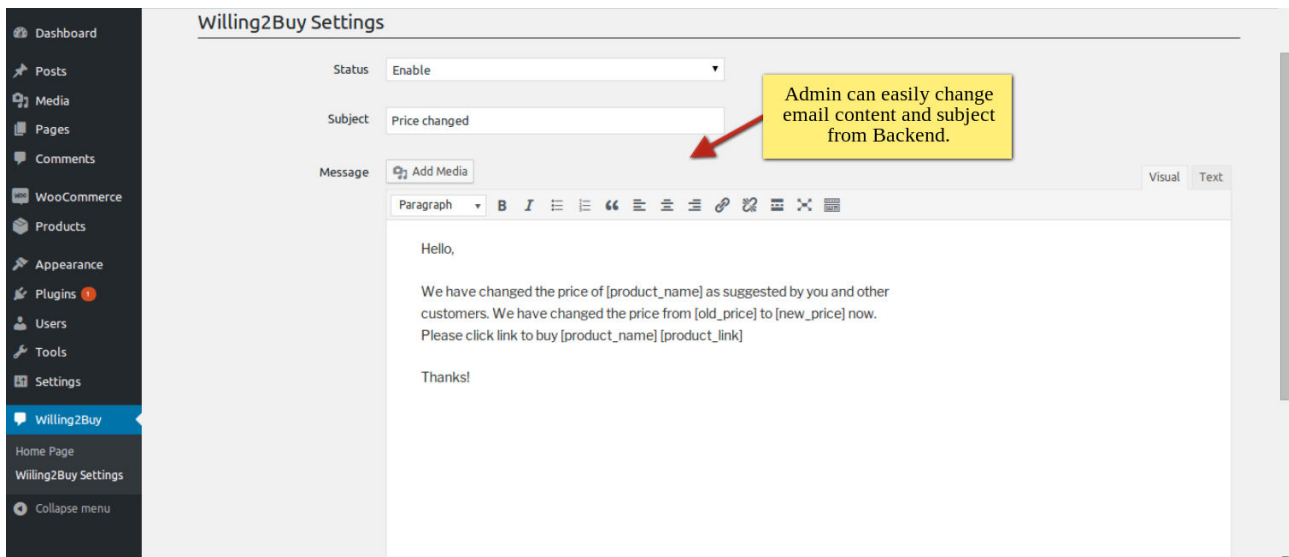

Looking for a new way to get customers engaged more while shopping? Here is something to get involved customers into the action. **Medma Willing To Buy Plugin** let your customers place their own suggestion for any product. If you are seeking for a dynamic way of selling products and engage more customers, Willing to buy plugin is your perfect match!. One can buy the plugin for free and have fun!.

This Wordpress Plugin lets merchant / admin grab price suggestions from customers for any product. Admin grabs price suggestions from different customers and updates the final price on store. This plugin lets you gain ideas for products and makes it easy for the merchant to make price adjustment accordingly.

Once the final price gets updated by the admin, all the customers that placed their price decisions get notified about the selected final price of the product. This own price variant allows the customer to choose his or her own level of giving.

Admin can anytime enable/disable plugin by backend. They can compose their own email content and notify all the customers on price updation. It is totally in the hands of admin to whether or not notify customers on price updation for products.
